These parcels are small and isolated with no legal access. The proposal is to sell the parcels to the adjoining landowners by direct sale or by modified competitive sale where there is more than one adjoining landowner. Where survey hiatuses and unintentional encroachments on public lands are discovered in the future, which meet the disposal criteria, the lands may be automatically assigned Zone 3 for disposal.

Public participation in the amendment process will include publication of this notice in the **Federal Register** and local newspapers and the sending of this notice to state and local governments, private individuals, and interested parties. Depending on the amount of public interest, a public meeting may be held in the Medford District Office.

COMMENTS: Any comments on this notice should be mailed by close of business on August 15, 1997, to the Bureau of Land Management, Medford District Office, 3040 Biddle Road, Medford, Oregon 97504.
